Continuation of Substance of Interview including description of the general nature of what was discussed: With respect to Applicant's amendment (11/21/05), rejections under 35 USC 112 second paragraph have been overcome however it was the position of the Examiner that independent claim 1 remained anticipated by Wiegand, further where claims 7 and 8 would have been obvious in view of the newly cited art of Noguchi. Claim 4 would have been objected to and it was agreed to combine claims 1 and 4 by Examiner's amendment in order to advance prosecution of the application and place the claims in condition for allowance. Applicant's proposed amendment's to the drawings are acceptable however the drawings remain objected to as formal drawings are requested on or before payment of the issue fee.
